“UNLOCKING PERSPECTIVE”

Saturday, September 7th, 2024

Studio Room (2nd Floor), Trisakti School of Management

TED

TED is a nonprofit devoted to spreading ideas, usually in the form of short, powerful talks (18 minutes or less). TED began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics - from science to business to global issues - in more than 100 languages. Meanwhile, independently run TED events help share ideas in communities around the world.

Our Mission “Spread Ideas”

Welcoming people from every discipline and culture who seek a deeper understanding of the world. We believe passionately in the power of ideas to change attitudes, lives, and ultimately the world.

TEDx EVENTS

TED Talks or TEDx are one of TED program which present a great idea in 18 minutes or less. They're filmed at flagship TED conferences, independent TEDx events, and other programs. Their goal is to share Ideas Worth Spreading - in fields like science, technology, business, culture, art and design - around the world. In the spirit of TED's mission, "ideas worth spreading," the TED program helps communities, organizations and individuals produce TED-style events at the local level. TEDx events are planned and coordinated independently, on a community-by-community basis, under a free license from TED. For example: TEDxJakarta, TEDxUndip, TEDxBatangArau, Etc
