“

Banyak banget ilmu dan pengalaman berkesan yang aku alami selama belajar di bootcamp dibimbing.id. Aku bakalan rekomendasiiin ke temen-temen atau siapapun yang lagi nyari bootcamp. Harganya terjangkau, fasilitasnya lengkap, Class Manager DAN MENTORNYA TERBAIK!

“

Pertama, tertarik sama Dibimbing karena kurikulum dan list mentor nya. dan bener ternyata mentor nya kece-kece banget dan sangat interaktif, juga selalu ada waktu untuk case study tiap sesinya, jadi ga belajar lihat materi aja tapi juga bisa hands-on langsung. selain itu, yang paling disukai juga mentor-mentornya open banget. Aku pribadi cukup suka nge-dm para mentor diluar kelas, jadi karena mentornya beragam sehingga nambah networking banget sama orang-orang kece di dunia Product Management

“

Di dibimbing.id udah lebih dari cukup untuk belajar dasar-dasar UI/UX, silabusnya cukup lengkap, materinya runut, mentornya juga bagus. Pelaksanaan kelasnya juga organized banget karena ada Class Manager, dan para CM ini sangat ngebantu students. Menurutku bootcamp dibimbing.id adalah salah satu investasi terbaik karena aku jadi bisa switch career.

Dari dulu aku suka dengan desain visual dan memutuskan untuk join bootcamp untuk mengimplementasikannya ke website. Aku pilih dibimbing karena harganya friendly, kualitasnya memuaskan, dan pastinya dapat banyak ilmu valuable dari mentor serta temen-temenku disini!
