

GROWTH + 6.0

Pave the Way, Empower the Future

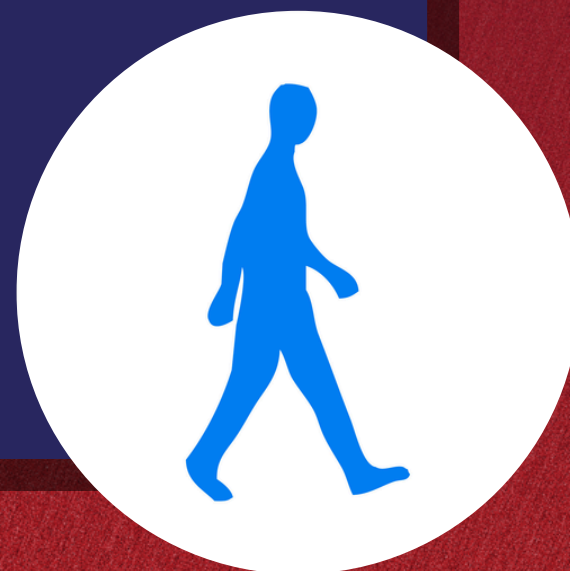

AIESEC in UNHAS | Local Project Winter Peak

Speakers Booklet

What is AIESEC?

AIESEC is a global platform for young people to explore and develop their leadership potential. We are a non-political, independent, not-for-profit organization run by students and recent graduates of institutions of higher education.

AIESEC in Indonesia established in 1984 as an official country entity of AIESEC International. Starting with only one Local Office which was AIESEC in Universitas Indonesia, AIESEC in Indonesia now spreads in 26 Local Offices in 18 cities and 34 universities having 1500+ active members and create experience to 10000+ youth annually.

What is Local Project?

Local Project is a 4-week hybrid volunteer program that provides opportunities for youth in Indonesia to make an impact on society and develop themselves by participating in several leadership activities, with offline final project to practice by what volunteer have been learned before. In addition, this project support the Sustainable Development Goals (SDGs). With the creation of this project, we hope the community is more aware, involved, and actively participates in the concerns and problems of the SDGs.

PAST Growth+ 6.0 EVENT(S)

Engaging in the proactive stewardship of Sustainable Development Goals (SDGs), with a particular focus on tackling the MSMe's problem with teaching methods in senior high school Makassar.

About Growth+ 6.0

8 DECENT WORK AND ECONOMIC GROWTH

Goal 8: Promote Inclusive
Economic Growth and Decent
Work

SDG 8 emphasizes the importance of creating decent work for all and supporting inclusive and sustainable economic growth. In Makassar, the focus is on improving the quality of jobs and promoting entrepreneurship among the community.

The goal is to reduce unemployment and enhance the skills of the young workforce through training programs. This is expected to encourage the creation of micro and small businesses, which play a significant role in local economic growth. Entrepreneurship and innovation are hoped to become solutions for accelerating economic growth, particularly in environmentally friendly and sustainable sectors.
