Mouth

Guard
Succinct

Oil nourishes lips, plumps and lightens wrinkles repairs dryness, revitalizes lip muscles

Frequent Lip Issues

The stratum corneum of lip skin is thin and lacks sebaceous gland protection, making it highly susceptible to environmental irritants, leading to dryness, peeling, and lip inflammation. Frequent lip movements, such as speaking or eating, can result in moisture loss, causing dullness and prominent lip lines.

Lack of Blood Color

pale and lackluster lips

Dry Lines on Lips

old
Streaked lipstick

Dry Skin With Flaking

Desert dry lips are
prone to dry skin

Dullness/ Inflammation

Cleft lip, hoarseness,
inflammation of the lips

Combining Makeup With Grooming

95% Essence Moisturizing & Revitalizing Lip Balm for Radiant, Plump Lips

1 Start Color Revitalization for Instant Radiance

A single application for lasting color retention, non-stick formula, and natural skin brightening that complements all skin tones.

2 Hydrating and Translucent With Long-Lasting Moisturizing

Establishes a small reservoir in the lips, providing all-day hydration and long-lasting moisturization without the need for frequent reapplication.

3 Oil-Nourishing for Chapped Lips

95% lip balm essence, lip bionic film, moisturizes instantly with a gentle application, relieves chapped lips and desert lips

4 Fulfilling Fine Lines, Revitalizing Lip Muscles

Apply this lip filler for a plump, supple, and radiant lip texture.

style your lips

Different lip base color, lip temperature,
and lip humidity use the same color code

Change to a unique fairy color!

Locks Color and Holds Makeup, Drinks Water Without Touching the Cup

「Lotus Leaf Raincoat」Non-Stick Technology

Underlay Fixation

Particle-based pigment adheres tightly to the lip area, providing long-lasting color retention without shifting.

Outer Oil Film Seal

After application to the upper lip, it forms a sealed oil film to create a mirror-like finish that resists smudging.

Test procedure: Apply lip balm to the lips and wait for 30-60 seconds until it forms a film. Gently touch the water cup without leaving any lip marks on the rim.

30s to Achieve Dewy, Plump Lips

Customize a native-like lip color

Camellia seed oil-----long-lasting nourishment, improves dry lips
Olive oil---powerful moisturizing, improves dry lips

Lip Balm

Comfortable touch

Macadamia nut oil--Moisture without greasiness, enhanced moisturizing
Field mint leaf oil--Refreshing and soothing, regulating skin texture.

Top Ingredient: Squalane, Added in Sufficient Quantity

100% Natural Sugarcane Source Referred to as the Second Layer of Human Skin

Robust Barrier

The most skin-friendly protective film forms a breathable, lightweight, and non-sticky layer on the skin's surface, enhancing its resilience.

Soothing and moisturizing

Natural barrier, soothes skin discomfort caused by external irritants, moisturizing without greasiness.

Moisturize

Similar to the skin's structure, it is easily absorbed, reduces water loss, and provides highly effective hydration.

Eco-Friendly

Non-animal derived, cold-pressed green olive extract from sustainable sources, convertible into squalene required by the skin.

Rare and Precious White Pond Flower Seed Oil

Natural rare plant extracts from the Pacific Northwest of the United States are planted in October every year and bloom in May the following year. **They only bloom once a year and last only five days.** They are rich in vitamin E and **have the strongest antioxidant capacity on the surface.**

50000:1

The 50,000 flowers (≈1ml) of Bai Chi Flower Oil contain 22:2 fatty acid, a unique fatty acid not found in other plant oils.

**King of
Antioxidants**

The antioxidant capacity is 8 times that of argan oil and avocado oil, and 10 times that of jojoba oil. It contains 98% long-chain fatty acids with antioxidant activity.

**Team-Building
Expert**

One of the most stable vegetable oils, enhancing the stability of formulations after blending with vegetable oils.

C22:2 belongs to the OMEGA-6 family, which are essential unsaturated fatty acids that the human body cannot synthesize on its own.

Fulfilling Fine Lines, Revitalizing Lip Muscles

Fill lip lines | Firm and plump | Improve dullness

Lip Volumeing With Smearing Technique

DPHP

2 palmitoyl hydroxyproline
acid

**Targeted Anti-
Wrinkle and Lip
Lightening Treatment**

DPHP is a key component of collagen, which directly promotes collagen synthesis in the lips and improves lip skin elasticity.

Rich Lipid Peptide

Palmitoyl Tripeptide-1

**Collagen
Regeneration
Full Lips**

Stimulate fibroblasts to secrete collagen and elastin, improve the support of lip skin, and reduce the deepening of wrinkles caused by smiling, big or small expressions

Naturally Nourishing Malluca honey extract

**Nourish the Lips
moistening of dry
wrinkles**

NMF (Natural Moisturizing Factor) delivers long-lasting hydration, reduces lip dryness and fine lines, and promotes rapid repair of micro-damage to damaged lips.

Lightening and Brightening Desert Rose Leaf Cell Extract

**Cellular Anti-Aging
anti-aging lip
treatment**

It has strong antioxidant properties, inhibits pigmentation, and improves the skin's self-defense function. It has a natural anti-aging and brightening effect on the skin

Targeted Anti-Aging for Lips, Reducing Lip Wrinkles

High-Purity "DPHP" Di-Palmitoyl Hydroxyproline

Less Wrinkles" Dermatoprotectant

Light Wrinkles Collagen Fiber Contraction--Firm

Lip Skin **Plump Lips** Protects Elastic Fibers for More

Elastic Lip Skin **Bright** Eliminates Free Radicals--

Prevents Darkening and Aging of Lips **Anti-Wrinkle**

Protect Matrix--Promotes Collagen Regeneration

DPHP, a key collagen component, directly stimulates collagen synthesis in the lips, enhancing skin elasticity.

「Painless」Lip Plumping Treatment for Full, Smooth Lips

WKPep® Lip-Thickenin

Fulphing peptide is a bionic tripeptide, as a signal peptide. It effectively promotes collagen and mucopolysaccharide production in the lips, reduces lip wrinkles, enhances lip hydration, plumps and smooths the lips, defines the lip contour more clearly, increases lip skin thickness, and achieves a medical-grade sensual pout without injections.

- ❑ Promotes collagen production and reduces lip wrinkles
- ❑ Enhance elasticity and define contours
- ❑ Enhanced moisturizing for a plump, hydrated look

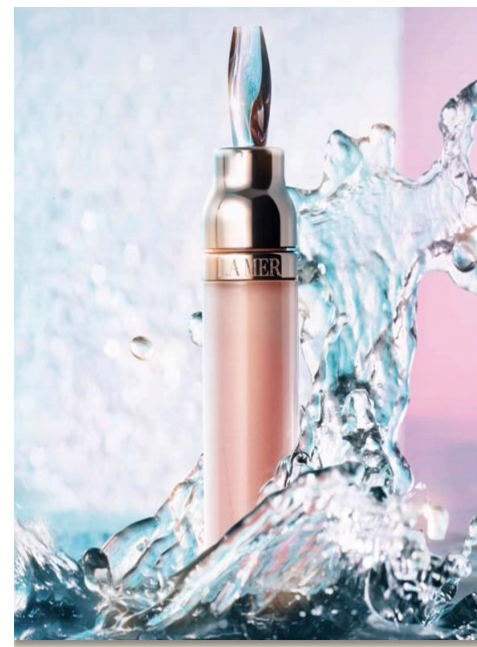

Lip-enriching peptide refers to the formula: palmitoyl tripeptide-1 polypeptide solid phase synthesis (SPPS)Lip-enriching:refers to the visual effect of fullness

Nobel Prize in Chemistry

Utilizing the Nobel Prize-winning SPPS technology, high purity and strong stability

Polar Protection Technology [Healing Factor]

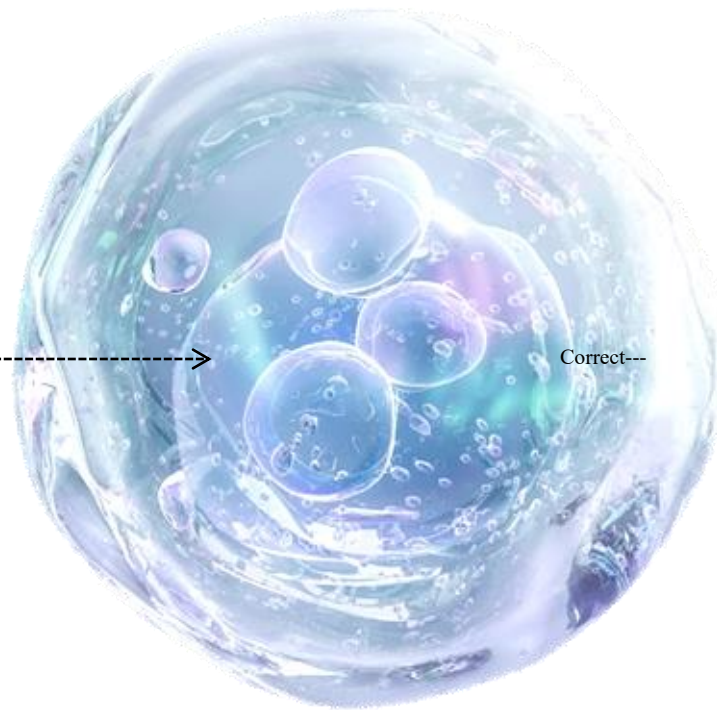

Repair the Lip Barrier and Lock in Moisture

*Reconstruct Barrier * Lip Moisture Lock * Resistant to Irritation

100%Pure Ecdoxine

**Protect Against
Environmental Damage
Reducing the Stimulation of Extreme
Environments**

Exhibits potent cellular protective functions, mitigates external stimuli-induced cellular damage, and resists photoaging. Reduces transdermal water loss while enhancing the moisture content of the stratum corneum.

Ceramide NP

**The Robust Barrier
Structure Enhances the
Water-Hydrodynamic
Interaction**

It is one of the major components of intercellular lipids in the stratum corneum, accounting for approximately 50%; enhancing the barrier function can reduce external irritants and strengthen cellular integrity.

interstitial adhesion, preventing water loss.

Biotechnology Extraction of [Repair Factor CP]

Superior "Emergency Repair" for Dry and Sensitive Lip Inflammation

Salvia miltiorrhiza extract+Myrrh alcohol+Zingiber officinale extract Triple anti-irritation, relieve dryness and sensitivity, accelerate repair of damaged tissues

Multi-Action Anti-Irritation, Anti-Inflammatory

Red myrrh alcohol + ginger root extract

Relieve Erythema, Anti-Inflammatory and Bactericidal

Pteris root extract

Moisturizing and Brightening for a Hydrated, Glossy Lip

Long-lasting Moisturizing | Hydrating and Firming | No Frequent Reapplication Required

Panthenol "Relieves Lips"

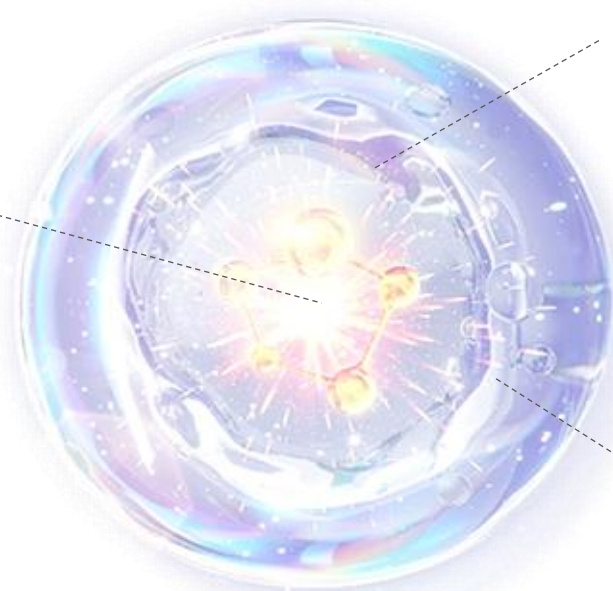

After conversion to pantothenic acid, it accelerates the synthesis of stratum corneum lipids, enhances water retention, repairs barrier damage caused by dryness, lip licking, or ultraviolet radiation, and reduces peeling.

Sodium Hyaluronate for Hydration

It can absorb 1000 times its own weight of water to form a "water film", immediately relieve dry cracking, improve the roughness of lips.

Ethyl Tocopheryl Acetate Water Retention

Three-dimensional water-retaining protective mesh, reinforcing the sebum film, and antioxidant

Good Sensory Experience

Carefully Selected Food-Grade Flavoring, Fresh and Sweet

001P#Sweet Strawberry

The fruity aroma of first love, like the fresh juice that gushes when you take your first bite of early summer strawberries.

002R#Juicy Grape

A whole bunch of sun-dried grapes are crushed into a crystal-line jelly, each wisp of fragrance carrying the lingering sweetness of sugar dust on a girl's fingertips.

003T#Sweet and Delicious Peach

The soft, sweet fragrance of ripe honey peaches blends with the delicate scent of white peach blossoms. On a lazy afternoon, as you bite into the peach tip, a gentle, sweet mist lingers between your lips and teeth.

004B#Ice Mint

The herbal coolness bursting forth when peppermint leaves are crushed, this breath-awakening cold-toned fragrance seems to freeze the morning mist of the Alpine peaks between your lips.

Light as Honey

Soft and Silky to the Touch

Lip-Fitting, Quick Application

Boba Bo Bo Giant Short绒毛 Lip Brush

Hydrating and Translucent Texture

Smooth yet Not Greasy, Refreshing Without
Stickiness

Lip Touch Change

Natural Brightening With Long-Lasting Non-Fading

Larger brush head

Apply more smoothly and quickly

Soft and comfortable, fits perfectly against
the lips

Daily Usage

01 Apply evenly from the center of the upper lip outward, repeating the application on the other side of the upper lip

02 Repeat the application to the lower lip until even coverage is achieved.

03 Wait a moment for the film to form.

A Small Step

Choose Your Voice

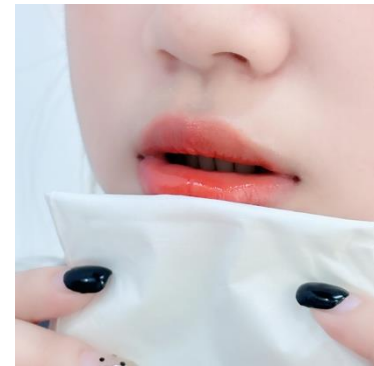

light : —————→

Apply as directed for a crystalline, glossy finish

matt : —————→

After applying the product, wait a moment, take a napkin and gently press it against your lips to achieve a matte finish

The Fashion and Sophistication on the Streets

The Packaging Design of the Hanging Style Is Exquisite, Cute and Fashionable

Exquisite transparent bottle body with a metallic bottle cap, simple but exquisite

Cute little sweetheart fashion decoration, fashionable and playful

Fashion clothing with the classic logo of the brand is placed together, elegant and creative style, both easy to carry, and is a unique creative fashion matching!
